2 amended to read as follows:

3 " ~~[§]~~ §88-103.7 ~~[§]~~ Information from the State and

8 specify the format in which the information shall be furnished.
9 Without limitation of the foregoing, the system
10 ~~[may]~~ shall require that information be furnished in electronic
11 format and that information with respect to payroll and
12 personnel transactions:

13 (1) Allocate payments, including bonuses, salary
14 adjustments, payments for compensatory time, and
15 workers' compensation, to monthly or other periods as
16 requested by the system; ~~[and]~~

17 (2) Specify the purpose or nature of the payment ~~[·]~~ ; and

1 (3) Indicate any changes or errors in payments that
2 require correcting or updating.

3 (b) All departments and agencies of the State or counties
4 shall furnish the information required by the system pursuant to
5 this section in the format required by the system. The system
6 shall notify each department or agency of the State or counties
7 that is required to furnish information to the system of any
8 change in the required format for the information. Each
9 department or agency shall have one hundred eighty days from the
10 date of the receipt of the notice of a change in the required
11 format to update the format in which the required information is
12 provided to the system.

13 (c) If a department or agency of the State or county fails
14 to furnish the system with the information required pursuant to
15 this section, the State or county shall pay to the system, on
16 the first day of the fiscal year following the fiscal year in
17 which the failure to furnish the required information occurred,
18 an amount equal to the employer contributions payable by the
19 State or county, relative to the department or agency that is
20 not in compliance with this section, during the fiscal year in
21 which the failure to furnish the required information occurred.
22 This amount shall be applied to contributions required under

1 section 88-124 for the State and section 88-126 for the
2 counties.

3 (d) If full payment of the amount required under
4 subsection (c) is not made by the State or county on the first

8 effect for actuarial valuations of the system; and

9 (2) Any payments received by the system for the State or
10 county, except for payments made pursuant to sections
11 88-46, 88-100, and 88-326, shall be applied first to
12 accrued interest and then to the amount required to be
13 paid under subsection (c).

14 (e) The system may waive the requirements of subsections
15 (c) and (d) if the system determines, in its sole discretion,
16 that the failure by the department or agency to furnish the
17 required information in the required format is the result of an
18 unforeseen system failure, natural disaster, or other unforeseen
19 event.

20 (f) The system shall annually submit to the department of
21 budget and finance and the legislature, not later than twenty
22 days prior to the convening of each regular session, a report
23 that details the following for the current fiscal year:

S.B. NO. 1090

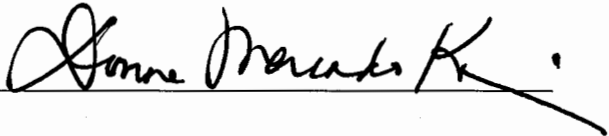

(1) Any department or agency of the state or counties that failed to comply with this section; and

(2) Any amounts required to be paid under subsection (c), including the anticipated amounts payable in the upcoming fiscal year, and identification of any state budget programs that may be affected."

SECTION 2. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

JUSTIFICATION SHEET

DEPARTMENT: Budget and Finance

TITLE: A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM

PURPOSE: To strengthen the authority of the Employees' Retirement System to obtain payroll and personnel transaction information from the State and counties by requiring the State and counties to report the information electronically.

MEANS: Amend section 88-103.7, Hawaii Revised Statutes.

JUSTIFICATION: When state and county employees retire, they are paid an estimated retirement benefit by the Employees' Retirement System until the system receives and audits the employees' final personnel and payroll records. The estimated benefit is usually less than an employee's actual benefit. If the Employees' Retirement System receives personnel and payroll records that are late, incomplete, or in a format that requires manual entry into the Employees' Retirement System's computer system, "finalization" and payment of retirants' benefits are delayed. Employers have little incentive to comply with the system's request for timely and accurate information in electronic format. This proposal provides an economic incentive for the State and counties to cooperate with the Employees' Retirement System in providing prompt payment of full retirement benefits to retired state and county employees.

If the State and counties do not provide the information requested in the required format, this proposal requires employers to pay their employer contributions at the beginning of the following fiscal year

(rather than on a monthly basis) in which the failure occurred. Any unpaid amounts would be subject to interest based on a rate equal to the investment yield assumption of the Employees' Retirement System.

Impact on the public: None.

Impact on the department and other agencies:
Possible earlier payment of employer contributions to the Employees' Retirement System.

GENERAL FUND:	None.
OTHER FUNDS:	None.
PPBS PROGRAM DESIGNATION:	BUF-141/Retirement
OTHER AFFECTED AGENCIES:	None.
EFFECTIVE DATE:	July 1, 2016.
